

# A New Publication

from the  
Kimberley Society

Western Australia's Kimberley region is one of the world's most prolific rock art locations.

The ancient Gwion Gwion or Bradshaw paintings intrigue all who see them and Wandjina galleries represent a wealth of stories from the Aboriginal Dreamtime.

This lavishly illustrated book includes the papers and over 100 photographs from the Kimberley Rock Art Seminar held at The University of Western Australia in 2005.
